

Ultima[®]

by **mart cart**[®]

The Ultima is built with the same styling of the classic Mart Cart, but this cart has been built up to carry more weight and offer a more comfortable shopping experience for all riders.

The Ultima offers a robust, heavy-duty design

A 22.56" (57cm) wide rear wheelbase supported by solid dually wheels, and a 300 watt Hub Motor[®] work together to handle a heavier payload.

The Ultima can handle up to 800 lbs on the seat and 200 lbs in the basket with a total weight of 1000 lbs.

The Ultima offers a comfortable ride

Ultima comes standard with a 24" seat. Give your customers a comfortable ride that will keep them coming back to your store.

When choosing your electric shopping cart, keep in mind that a high quality, safe, and comfortable electric shopping cart will pay for itself many times over. And with Mart Cart you always get...

Quality, Performance and Value.
